co-waters

Coalition of cities, regions, islands and ports for the Mission Ocean and Waters

The Coalition of cities, regions, islands and ports for the Mission Ocean and Waters, implemented by the CO-WATERS project, unites waterfront authorities and their local partners and stakeholders to drive cleaner, healthier and more resilient marine and freshwater systems under the EU Mission "Restore our Ocean and Waters by 2030".

WHO CAN JOIN?

Core members are waterfront cities, regions, islands and port authorities located in the EU or Associated Countries, as well as entities representing them.

Supporting members include all other organisations contributing to waterfront transformation, such as local authorities outside of the EU and Associated Countries; research and academia; non-profits, NGOs and community associations; businesses and business clusters; and donors, funding and financing organisations.

WHAT SUPPORT WILL YOU RECEIVE?

Connect and learn

Engage with peers through thematic working groups, interactive knowledge exchange workshops and a structured Twinning Programme.

Build capacity

Strengthen your skills to develop robust Transition Plans and coordinate ambitious transformation processes.

Engage your community

Organise Blue Climathons and use the tailored Local Stakeholder Engagement Workbook to design inclusive, effective participatory processes.

Finance and implement

Receive guidance on funding and financing opportunities, participate in dedicated webinars, and engage in a Pitch and Connect session linking your territory with solution providers and investors.

Gain recognition: The Mission Ocean and Waters Label

The Mission Ocean and Waters Label recognises your city, region, or island's efforts to advance the Mission objectives through a structured Transition Plan.

HOW DO YOU BECOME A MEMBER?

By completing a short five-minute sign-up form, you join a growing community under the EU Mission Ocean and Waters.
